Introduction

The National Education Policy (NEP) 2020 recognises that higher education plays a crucial role in promoting human and societal well-being, and in developing India as envisioned in its Constitution—a democratic, just, socially conscious, and humane nation that upholds liberty, equality, fraternity, and justice for all. The NEP 2020 notes, "given the 21st -century requirements, quality higher education must aim to develop good, thoughtful, well-rounded, and creative individuals." The NEP 2020 states, "Assessments of educational approaches in undergraduate education that integrate the humanities and arts with Science, Technology, Engineering and Mathematics (STEM) have consistently shown positive learning outcomes, including increased creativity and innovation, crucial thinking and higher-order thinking capacities, problem-solving abilities, teamwork, communication skills, more in-depth learning and mastery of curricula across fields, increases in social and moral awareness, etc., besides general engagement and enjoyment of learning." Further, the NEP 2020 also recommends that "the undergraduate degree will be of either 3- or 4-year duration, with multiple exit options within this period, with appropriate certifications." In accordance with the NEP 2020, the UGC has formulated a new student-centric "Curriculum and Credit Framework for Undergraduate Programmes (UGC-CCFUGP 2022)" incorporating a flexible choice-based credit system, multidisciplinary approach, and multiple entry and exit options, which will facilitate students to pursue their career path by choosing the subject/field of their interest. Based on the UGC-CCFUGP notified in December 2022, Himachal Pradesh University, Shimla (HPU) has developed a Curriculum and Credit Framework for Undergraduate Programmes (HPU-CCFUGP, hereafter HPU-UGP), incorporating all essential aspects of the UGCCCFUGP to facilitate the achievement of the policy visions stated in the NEP 2020. This HPUUGP will also apply to the professional courses not covered by other regulatory bodies.

ANNUAL SYSTEM(For 2nd and 3rd year student's) :-

An academic year comprises of 180 working days with six working days in a week which would mean that in a year will be having $180/6=30$ teaching/working weeks. Considering that each teaching day has 5 teaching or working hour, week would have $5*6=30$ working/teaching hours and in an academic session $30*30=900$ hours available for each student.

CREDITS:-

The term 'credit' refers to the weight age given to a course, usually in terms of the number of instructional hours per week assigned to it. This explains why usually 'credit' is taken to mean credit hours'. For the award of degree in B.A./B.Sc./B.Com. the student have to accumulate a minimum of 132credits successfully. The UG programme for a regular student shall be for a minimum period of three years and a maximum of five years from the date of Admission of the candidate.

PROGRAMMES OF STUDY:-

B.Sc. (Physical Sciences/Non-Medical & Life Sciences/Medical) B.Com.

- + BA with (English/Hindi/Political Science/History/Skt./Economics/Music (Instrumental))
- +

S.No.	Course of Study	Number of Seats
1.	B.A. with (English/Hindi/Pol.Science/History/Skt./Economics/Music(Inst.))	80 Each
2.	B.Sc. with (Chemistry/Physics/Maths/Botany/Zoology)	80 Each
3.	B.Com.	140 Each

One supplementary seat for "Single Girl Child" candidates is reserved in each course provided she fulfills the minimum eligibility criteria.

Number of seats in all the major subjects for admission to 1st year of B.A./B.Sc. B.Com. under CBCS are fixed. Hence the admission in the major subject is purely on merit basis.

COURSES OFFERED:-

The UG Programme comprises of the following courses:

CORE COURSES:-

Four discipline specific papers each for English and Hindi/MIL in B.A./B.Com.:The purpose of fixing core papers is to ensure that all the institutions follow a minimum common designed curriculum so that each institution/university adheres to common minimum standard. Also the courses assigned for papers under this category aim to cover the basics that a student is expected to imbibe in that particular discipline. A course, which should compulsorily be studied by a candidate as a core requirement is termed as a core course.

ELECTIVE COURSES:-

Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables and provides exposure to some other discipline/subject/domain or

nurtures the candidates proficiency/skill is called an Elective Course.

DISCIPLINE SPECIFIC ELECTIVE (DSE) COURSE:-

Elective course offered under the main discipline/subject of study are suggestive in nature and each University has complete freedom to suggest their own papers under this category based on their expertise, specialization, requirements, scope and need. The University/Institute may also offer discipline related Elective Courses of inter disciplinary nature (to be offered by main discipline/subject to study.)

GENERIC ELECTIVE (GE) COURSE:-

An Elective course chosen from an unrelated discipline/subject, with an intention to seek exposure beyond discipline of choice is called Generic Elective. The purpose of this category of papers is to offer the students the option to explore disciplines of interest beyond the choices they make in Core and Discipline Specific Elective papers. The list provided under this category are suggestive in nature and each university has complete freedom to suggest their own papers under this category based on their expertise, specialization, requirements, scope and need. A core course so offered in discipline/subject and vice versa and such electives may also be referred to as Generic.

ABILITY ENHANCEMENT COMPULSORY COURSES (AECC):-

The Ability Enhancement Compulsory (AECC) Courses are of two kinds: Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Courses (SEC). "AECC" courses are the courses based upon the content that leads to knowledge enhancement: Environmental Science (ii) English/Hindi/MIL Communication. These are mandatory for all disciplines. 'SEC courses' are value based and/or skills based and are aimed at providing hands on training, competencies, skills etc. The main purpose of these courses is to provide students life-skills in hand-on mode so as to increase their employability. The list provided under this category are suggestive in nature and each University has complete freedom to suggest their own papers under this category based on their expertise, specialization, requirement, scope and need.

PRACTICAL/TUTORIALS:- One each with every core and discipline/generic specific elective paper. The list of practical's provided is suggestive in nature and each university has the freedom to add/subtract/edit practical from the list depending on their faculty and infrastructure available. Addition will however be of similar nature.
